Notes:

1. As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the companies shall be conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020 (collectively referred to as “MCA Circulars”). The forthcoming 29th Annual General Meeting (“AGM”) will thus be held through Video Conferencing (VC) or Other Audio Visual Means (OAVM), without the physical presence of the Members at a common venue. In compliance with the provisions of the Companies Act, 2013 (“Act”), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”) and MCA Circulars, the AGM of the Company is being held through VC/OAVM. Hence, Members can attend and participate in the ensuing AGM through VC/OAVM.
2. Pursuant to the Provisions of the Act, a Member entitled to attend and vote is entitled to appoint a proxy to attend and vote on his / her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circular No. 14/2020 dated April 08, 2020, through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
3. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
4. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
5. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at

www.countryclubindia.net. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.

7. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.
8. Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013 relating to the Special Business in the Notice is annexed hereto and forms part of this Notice.
9. The Register of Directors' and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013, the Register of Contracts or arrangements in which the directors are interested under Section 189 of the Companies Act, 2013, will be available for inspection to the Members electronically without any fee by the members from the date of circulation of this Notice up to the date of AGM, i.e. December 30, 2020. Members seeking to inspect such documents can send an email to contact@countryclubmail.com.
10. Corporate Members are requested to send to the Company's Registrar & Transfer Agent, a duly certified copy of the Board Resolution authorizing their representative to attend and vote at the Annual General Meeting.
11. The Register of Members and Share Transfer Books of the Company will remain closed from Friday, 25th December, 2020 to Thursday, 31st December, 2020 (both days inclusive).
12. Shareholders holding shares in physical form may write to the company/company's R&T agents for any change in their address and bank mandates; shareholders holding shares in electronic form may inform the same to their depository participants immediately, where applicable.
13. The Securities and Exchange Board of India has mandated submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in demat form are, therefore, requested to submit PAN details to the Depository Participants with whom they have demat accounts. Members holding shares in physical form can submit their PAN details to the Company/Registrar and Share Transfer Agents (Unit: M/s. Aarthi Consultants Private Limited)
14. In consonance with the company's sustainability initiatives and Regulation 36 of the SEBI (LODR) Regulations, 2015, the company is sharing all documents with shareholders in the electronic mode, wherever the same has been agreed to by the shareholders. Further The Ministry of Corporate Affairs (vide circular nos. 17/2011 and 18/2011 dated April 21 and April 29, 2011 respectively), has undertaken a 'Green Initiative in Corporate Governance' and allowed companies to share documents with its shareholders through an electronic mode. Shareholders are requested to support this green initiative by registering / updating their e-mail addresses for receiving electronic communications. Members holding shares in the same name under different ledger folios are requested to apply for consolidation of such folios and send the relevant share certificates to M/s. Aarthi Consultants Private Limited, Share Transfer Agents of the Company for their doing the needful.

15. As per SEBI Notification No. SEBI/LAD-NRO/GN/2018/24 dated June 8, 2018 and further amendment vide Notification No. SEBI/LADNRO/GN/2018/49 dated November 30, 2018, w.e.f. April 1, 2019 the transfer of securities of listed companies shall not be processed unless the securities are held in the dematerialized form (Demat) with a depository. Hence, the members of the company are requested to dematerialize their shareholding to avail the benefits of dematerialization. Only the requests for transmission and transposition of securities in physical form, will be accepted by the RTA.
16. Members are requested to send their queries at least 10 days before the date of meeting so that information can be made available at the meeting.
17. In case of joint holders attending the Meeting, only such joint holders who are higher in the order of names will be entitled to vote.
18. In respect of shares held in physical mode, all shareholders are requested to intimate changes, if any, in their registered address immediately to the registrar and share transfer agent of the company and correspond with them directly regarding share transmission/transposition, Demat/Remat, change of address, issue of duplicate shares certificates, ECS and nomination facility.
19. In terms of Section 72 of the Companies Act, 2013, a member of the Company may nominate a person on whom the shares held by him/her shall vest in the event of his/her death. Members desirous of availing this facility may submit nomination in prescribed Form-SH-13 to the Company/RTA in case shares are held in physical form, and to their respective depository participant, if held in electronic form.
20. The Companies Equity shares are listed at BSE Limited and National Stock Exchange of India Limited and the listing fee for the FY 2020-21 has paid.
21. The requirement to place the matter relating to appointment of Auditors for ratification by members at every Annual General Meeting is done away with vide notification dated May 7, 2018 issued by the Ministry of Corporate Affairs, New Delhi. Accordingly, No Resolution is proposed for a Ratification of Appointment of Auditors, who were appointed in the 26th Annual General Meeting held on 28th September, 2017.
22. Details of Directors retiring by rotation / seeking appointment/re-appointment at the ensuing Annual General Meeting are provided as Additional Information required to be furnished under Regulation 36 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 to this Notice.
23. In terms of the provisions of Section 152 of the Act, Sri Y. Rajeev Reddy (DIN: 00115430) Chairman & Managing Director of the Company retire by rotation at the AGM. Nomination and Remuneration Committee and the Board of Directors of the Company recommend his appointment. Further Sri Y. Rajeev Reddy is interested in the Ordinary Resolution set out at Item No. 2 of the Notice with regard to his re-appointment. Sri Y. Rajeev Reddy, Chairman & Managing Director being related to Sri Y. Siddharth Reddy and Sri Y. Varun Reddy may be deemed to be interested in the resolution set out at Item No. 2 of the Notice. Saved and except the above, none of the other Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the Ordinary Business set out under Item No. 2 of the Notice.
24. In compliance with the aforesaid MCA Circulars and SEBI Circular dated May 12, 2020, Notice of the AGM along with the Annual Report 2019-20 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/Depositories.

The Board of Directors noted and took on record the report of the business review and analyzed the various options available and suitable in the present circumstances to the Company. The Board decided that it was no longer cost effective to manufacture and produce the goods in the present unremunerative market conditions with the help of present undertaking. The Company is constantly striving to improve its membership and hope to achieve better results in the forthcoming year.

3. OUTLOOK FOR INDIAN ECONOMY & INDUSTRIAL STRUCTURE:

The economy is in swing mode since last few years. When all seemed to be going smoothly, the Government's pro-active measures like demonetization in November 2016 and introduction of GST in July 2017 caused economic pendulum to swing in opposite direction impacting all sectors of the economy for at least a year. However, it also ushered in many positive and structural changes in the economy such as greater tax compliance, transparency, digitization, less cash; just to name a few. It took about an year thereafter to recover and then about a year to stabilize in 2019; unfortunately now the current crisis of global pandemic caused by COVID-19 has swung the pendulum again in the opposite direction whose trajectory and magnitude is so unpredictable that it is changing by every day, hour, and minute.

The Indian economy, which began showing signals of rd slowing down since 3 quarter of Financial Year 2019-20, is still expected to perform better than other major global economies; to grow by 4% - 5% in Financial Year 2019-20 as against 6.8% during Financial Year 2018-19. However, the growth in Financial Year 2020-21 is likely to be less than 2% due to the severe ongoing contraction of economic activities. While an early lifting of the lockdown is key to the resumption of the stalled economic engine, the strength of the recovery will also depend on the fiscal stimulus and relief by the Central and State governments in addition to monetary and liquidity measures announced by the Central Bank. The wide-ranging economic stimulus package of nearly ` 20 Lakh Crore announced by the Prime Minister rekindles the hopes of an early and sustained revival to economic activities at the grass root levels. India's travel and tourism industry is one of the most profitable industries in the country, and also credited with contributing a substantial amount of foreign exchange. Indian tourism offers a potpourri of different cultures, traditions, festivals and places of interest.

4. FUTURE PROSPECTS AND OUTLOOK OF THE COMPANY:

The outbreak of COVID-19 pandemic is expected to adversely impact the sector performance in the first half of F.Y. 2021. The most significant impact of COVID-19 is expected to be the reverse migration of workers which will impact Hotel and Hospitality Industry across the country. This is expected to cause project execution delays and working capital issues for financially weak developers. While the start of F.Y. 2021 may be muted due to the lockdown and its subsequent toll on economic activity, we believe customers would eventually return to the market in the second half of the financial year to partially mitigate the demand impact in earlier quarters. While we do expect the demand to catch up within the year, we believe the customers would expect relaxed payment plans. We also expect some increase in customer outstanding owing to the pessimistic liquidity environment.

While the industry at large may be adversely impacted by this pandemic and the recovery phase

slowdown. The Company believes technology will play an important role to minimize the impact of COVID-19 going forward. Your Company has been actively focusing on improving on-site facilities to create a safe working environment for workforce and reduce the impact of reverse migration. Your Company has been working on making the supply chain more efficient as lockdown restrictions are eased. These measures will not only help the Company in tiding over the impact of COVID-19 but also make it more efficient in the long term. We believe that government reforms will lead to improved governance in the sector, increase transparency and bring about consolidation amongst Hotel and Hospitality in Traveling and Tourism Industry. The Company remains positive about the long-term direction of the sector on back of higher consumer confidence and increasing affordability due to Cheaper Holiday Plans and rising disposable income. We believe that we are in a strong position to benefit from such expected shifts in the sector. With our good track record and excellent sales and marketing capabilities the Company in India is well poised for a high growth trajectory over the next few years.

Your Company will focus on opportunistic growth avenues in current environment to create a healthy project pipeline across its markets. Fast turnaround deals shall be a specific focus area for new deals in F.Y. 2021. When evaluating new projects, the Company will continue to seek superior long-term growth in shareholder value by maximizing returns through optimal financing and fiscal discipline. The Company shall also enhance agility across its processes to further reduce project launch turnaround times. These shall provide your company with the competitive edge in operational excellence and customer experience respectively.

13. ANNUAL EVALUATION OF PERFORMANCE OF THE BOARD:

Regulations 27 of the SEBI, Listing Regulations states that the board shall monitor and review the board evaluation framework. The Companies Act, 2013 states that a formal annual evaluation needs to be made by the Board of its own performance and that of its committees and individual directors. Schedule IV of the Companies Act, 2013 states that the performance evaluation of the Independent Directors shall be done by the entire Board of Directors, excluding the director being evaluated.

The Company conducted a formal Board Effectiveness Review as part of its efforts to evaluate, identify improvements and thus enhance the effectiveness of the Board of Directors (Board), its Committees and Individual Directors. This was in line with the requirements mentioned in the Companies Act and the SEBI LODR Regulations.

The HR team of Country Club Hospitality & Holidays Limited worked directly with the Vice-Chairman, Joint Managing Director & Chief Operating Officer and the Nomination and Remuneration Committee of the Board, to design and execute this process which was adopted by the Board. Each Board Member completed a confidential online questionnaire, providing vital feedback on how the Board currently operates and how it might improve its effectiveness.

The survey comprised of four sections and compiled feedback and suggestions on:

- Board processes (including Board composition, strategic orientation and team dynamics);
- Individual committees;
- Individual Board members; and
- Chairman's Feedback Report

A meeting of the Independent Directors was also held which reviewed the performance of Non-Independent Directors, Chairman and the quality, quantity and timelines of flow of information between the Company management and Board.

As per the amendments issued to the SEBI LODR Regulations in 2018, the performance evaluation criteria for independent directors included a check on their fulfillment of the independence criteria and their independence from the management.

The following reports were created, as part of the evaluation:

- Board Feedback Report
- Individual Board Member Feedback Report
- Chairman's Feedback Report

The overall Board Feedback Report was facilitated by Mr. C V Rao & Mr. Nageshwar Rao with the Independent Directors. The Directors were vocal about the Board functioning effectively, but also identified areas which show scope for improvement. The Individual Committees and Board Members' feedback was shared with the Vice-Chairman, Joint Managing Director & Chief Operating Officer. Following his evaluation, Vice-Chairman, Joint Managing Director & Chief Operating Officer Feedback Report was also compiled.

MANAGEMENT AND DISCUSSION ANALYSIS REPORT

OVERVIEW:

Tourism has now become a significant industry in India. It is a sun rise industry, an employment generator, a significant source of foreign exchange for the country. The booming tourism industry has had a cascading effect on the hospitality sector with an increase in the occupancy ratios and average room rates. India is a large market for travel and tourism. It offers a diverse portfolio of niche tourism products - cruises, adventure, medical, wellness, sports, MICE, eco-tourism, film, rural and religious tourism. India has been recognized as a destination for spiritual tourism for domestic and international tourists.

Since the establishment, the Country Club Hospitality & Holidays Limited ("the Country Club") is a pioneer in the concept of offering 360° leisure hospitality membership services in India. A full range of Country Club specialty services include member exclusive clubbing hubs, splendid holiday destinations, trendy fitness centers and star-studded entertainment events.

The Country Club has over 50 ownership clubs, resorts and hotels in India, Middle East, Bangkok and Sri Lanka. Also, it offers over 20 member exclusive fitness centers and over 4000 holiday exchange associates and Country Vacations global hospitality associates. The massive network consists of social clubs in urban hotspots, city-centric luxurious hotels, serene wellness rejuvenation hubs, beachfront resorts, hilltop vacation homes, wildlife jungle lodges and water amusement parks.

The Indian economy continued to exhibit steady growth and remained among the fastest growing emerging economies, with a focus on the continued implementation of structural and financial sector reforms and efforts to reduce public debt.

The benefits of recent structural reforms like demonetization, GST and ongoing bank recapitalization would enhance economic stability.

GLOBAL ECONOMY:

The global economies are facing a synchronized slowdown, resulting from a variety of factors affecting the world. The outbreak of Corona Virus 2019 (COVID19) has globally disrupted people's lives, interrupted businesses and jeopardized decades of development progress. According to The World Economic Outlook (WEO) update, global economic growth has been downgraded to 2.4% in 2019, which is its slowest pace since the global financial crisis of 2008. The decline in growth is the outcome of rising trade tensions between large economies, rising uncertainty surrounding trade and geopolitical issues; along with individual macroeconomic problems such as low productivity growth in emerging economies and aging population in advanced economies. To add to the existing issues, the pandemic outbreak has worsened the economic environment. The crisis is the result of the needed containment measures that forced policymakers to take extreme steps in the form of huge fiscal stimuli to encourage economic activity. With considerable uncertainty around the world due to the pandemic, its macroeconomic fallout, and the associated impact on financial and commodity markets, the World Economic Outlook has estimated global growth to decline by 5.2% in 2020 before recovering by 4.2% in 2021. India's economic growth also decelerated considerably in 2019-20 — with GDP growing at 4.2% in 2019-20, compared to 6.1% in the previous year. The International Monetary Fund (IMF) had forecast global growth of 2.9% in 2019, its slowest pace since the global financial crisis in 2009, and downgraded its earlier forecast from 3.3%. Although trade tensions between China and the United States (US) stabilised somewhat, they impacted output and global trade. The GDP growth of the US and United Kingdom (UK) was 2.3% and 1.4%

respectively, while China, India and ASEAN-5 countries' growth was better at 6.1%, 4.2% and 4.8% respectively. Sri Lanka, Nepal and the Maldives reported growth of 2.3%, 7.1% and 5.7% respectively.

In China, the containment efforts such as quarantine and widespread restrictions on travel, have resulted in unplanned delays in restarting factories after the Lunar New Year holiday and sharp cutbacks in many service sector activities. With the existing slowdown visible across the globe, the pandemic is expected to have severe consequences on the world economy leading to lay-offs, reduction in capex by companies and delay in discretionary purchases. The economic activity in U.S. and Eurozone economies is expected to fall sharply as these economies undertake measures to contain the outbreak. Not only did the economic growth slow down as the year progressed, but there was also dampening of consumer sentiment — affecting the spends on discretionary categories such as holidays, and in turn the Company's performance.

The growth outlook for 2020-21 remains uncertain due to the COVID-19 crisis. Even with the baseline scenario of the pandemic fading in the second half of 2020, the IMF projects world output to contract by 3%. Even India, too, will see a significant deceleration in economic activity. But, according to IMF, it will still be among the few economies to record a positive growth of 1.9% in 2020. The Reserve Bank of India (RBI) also expects a sharp turnaround in India's performance once containment efforts are unwound and economic activity normalises.

As far as the travel and tourism industry is concerned, the long term fundamentals remain strong. The vacation ownership industry, with its loyal membership base, has an even more favourable risk profile. To be sure, it will be impacted by the COVID-19 crisis in the immediate future. It is also likely that there are more lasting changes in holidaying preferences — for instance greater interest in domestic destinations, within drivable distances — and heightened expectations in terms of safety and hygiene. Country Club expects its members to begin holidaying at its resorts, once the travel restrictions are eased off. The Company with its large network of resorts in India and an unparalleled experience ecosystem is well positioned to take advantage of the expected recovery in domestic travel.

Country Club believes that there is a significant potential for further growth of vacation ownership industry in India as the market penetration is still very low. If one compares the Indian vacation ownership industry with the USA in terms of its share in the hospitality sector, the scope for growth in India is at least five times that of its current size. Similar conclusions can be drawn if one considers other surrogates such as ownership and sale of cars. This is also reflected in faster growth in domestic tourism, a trend that is likely to accelerate further in the post-COVID scenario.

Considering the competitive landscape, key trends in the leisure travel and shifts in media consumption trends, the Company has identified three key strategic priorities to differentiate itself in the market and benefit from the opportunities

Global economic activity lost pace in FY'19, reflecting a further slowdown in global trade and manufacturing activity. While economic activity in the US initially strengthened, factory activity and retail sales moderated. Economic activity in the Euro area remained weak due to muted industrial activity and subdued business confidence. Economic activity slowed in a number of emerging market economies as well, including in China.

The strengthening of the US dollar led to weakening gold prices; however, gold prices picked up since the outbreak of COVID19 from March 2020 on escalating trade tensions, reviving its demand as a safe haven asset. Inflation remained below the target in several economies.

INDUSTRY MEGATRENDS

The hospitality industry has been undergoing changes and disruptions over the last decades. The key trends that are reshaping the industry are listed here:

- Virtual communities across social networks like TripAdvisor and Google, among others influence tourists and lead to more transparency
- Online Travel Agents (OTAs) have altered distribution channels, facilitated a shift towards large brands and have built enduring relations with travelers
- Digitalised guest experiences through apps are increasingly helping hoteliers manage many aspects of the guest cycle and experience
- Booming global tourism, owing to enablers like low-cost carriers and healthy GDP growth in emerging markets.
- Rising trend of experience economy wherein customers request extreme personalization, unique experiences, and so on

INDIAN ECONOMY: THE YEAR IN REVIEW (PRE-COVID-19)

The IMF had revised India's growth rate to 4.2% in 2019 in the World Economic Outlook released in January, 2020, from its earlier projection of 6.8%. A sharp decline in domestic consumption and private investment, stress caused by the liquidity crisis at Non-Banking Financial Companies (NBFCs) and weakening credit growth had prompted the revision. Sluggish global growth caused by the downturn in manufacturing, trade and demand had also adversely impacted the Indian economy. However, the services sector continued to outperform the industrial and agricultural sectors in terms of gross value added (GVA), with service exports outperforming goods exports in the recent years. The government's fiscal stimulus through the lowering of corporate tax rates, merger of public sector banks, focus on manufacturing, support for affordable housing, together with the Reserve Bank of India's monetary stimulus through the reduction in policy rates, and subdued oil prices were expected to propel the Indian economy. ECONOMIC OUTLOOK (POST-COVID-19)

Global scenario:

As COVID-19 continues to take its toll on human health, government responses to arrest this pandemic across the world are severely impacting economic activity. Several countries have announced large stimulus packages to support the marginalised and working-class families who have been most disadvantaged by the crisis. The US has released a US\$ 2.2 trillion coronavirus relief package, consisting of cash disbursement to families, financial assistance to small and medium enterprises and big businesses impacted by the virus, as well as hospitals, medical suppliers and public and non-profit health organisations for bolstering life care capabilities, critical supplies and vaccine research. The UK extended a business rates holiday to all businesses in the retail and hospitality sector for twelve months, a cash grant for survival and access to loans on attractive terms.

Countries reliant on tourism, travel, hospitality and entertainment for their growth have been particularly affected. Emerging market and developing economies face additional challenges amid unprecedented reversals in capital flows with the waning of global risk appetite, currency pressures, the stress created by weaker healthcare systems and the limited fiscal space to provide support. (Source: IMF-The Great

Lockdown – World Economic Outlook). In its Report, World Economic Outlook, April, 2020, the IMF projected the global economy to contract by 3.0% in 2020. It projected the US economy to contract by 5.9%, that of the UK by 6.5%, Euro area by 7.5% and South Africa by 5.8%. Countries like Maldives could be severely impacted as they are heavily dependent on tourism, especially arrivals from China, the Middle East and Europe. In its recent report on Global Economic Prospects, June, 2020, the World Bank has forecast the global economy to contract by 5.2% in 2020 with advanced economies projected to contract by 7.0% and that of emerging market and developing economies by 2.5%.

India:

The Indian government has announced a series of fiscal stimulus packages and subsidies to support small and medium-sized enterprises, farmers, migrant labour, etc. It has also introduced six-month moratoriums on loans through banks, automatic collateral-free loans to small businesses, reduced withholding tax rates and extended payment due dates. The RBI too has announced a series of monetary measures to mitigate the risk of a liquidity crisis during economic recovery apart from reducing lending rates to offset a likely credit crunch.

In the post-COVID-19 scenario, India's growth rate for 2020 was projected by the IMF in April, 2020 at 1.9%, assuming that the pandemic is brought under control and containment efforts can be gradually scaled back, restoring consumer and investor confidence. However, a recent World Bank Report projects India's economy to contract by 3.2%. The wide range of economic forecasts notwithstanding, India's recovery will depend to a large extent on how effectively it manages the health crisis, selectively isolates containment zones, reopens other zones for reviving economic activity as well as how effectively it manages geo-political dependencies. INDUSTRY INSIGHT

GLOBAL HOSPITALITY AND TOURISM INDUSTRY (PRE-COVID-19)

Globally, international tourism witnessed 1.5 billion arrivals in 2019, recording a 4% growth in overnight visitors, which was lower than the growth rate of 6% in 2018. This was partly because of the slackening demand in advanced economies, particularly in Europe. Geopolitical stress, social unrest and a global economic slowdown contributed to a lower growth in 2019. With an 8% growth in arrivals and double the global average, the Middle East emerged as the fastest-growing region for international tourism. Although Europe continued to lead, with 743 million international tourists last year and a command of 51% of the global market, Asia and the Pacific saw a healthy 5% increase in international arrivals. In spite of the global economic slowdown, tourism spending continued to grow, with France reporting the strongest increase in international tourism expenditure among the world's top 10 outbound markets with an 11% increase, while the US, with a 6% increase, led growth in absolute terms, aided by a strong dollar. (Source: UNWTO Barometer Jan 2020)

GLOBAL HOSPITALITY OUTLOOK (POST-COVID-19)

According to UNWTO, a global organisation for promotion of tourism, the pandemic has already caused a drop of 22% in international tourist arrivals from January-March 2020, and could lead to a further decline of 60-80% due to COVID-19 during the year. With 67 million less international arrivals owing to lockdowns, March 2020 saw a sharp drop of 57% in arrivals and a loss of USD 80 billion in tourism exports. The Asia-Pacific region bore the biggest impact with a decline of 33 million arrivals, while the drop in Europe was 22 million.

UNWTO has given three scenarios for 2020 based on possible dates for the gradual opening up of international borders in early July, early September or in early December. The impact translates into 850 million-1.1 billion less international tourists, loss of US\$ 910 billion-1.2 trillion in revenues from tourism exports and risk to 100-120 million direct tourism jobs. Domestic leisure demand is expected to recover faster than the international demand, according to a survey by a UNWTO panel of experts. (Source: UNWTO, May 2020). As a sign of hope, Europe, China and South Korea seem to be easing up for domestic tourism, while Iceland has already confirmed that it would welcome international guests from June, 2020 after health checks, which could be the new normal.

INDIAN HOSPITALITY AND TOURISM INDUSTRY (PRE-COVID-19)

India is a tourism hotspot, given its diverse landscape, rich cultural heritage, and the opportunities it offers to businesses with its start-up culture and availability of a young, educated workforce. During 2019, foreign tourist arrivals (FTAs) in India stood at 10.9 million, an increase of 3.2% over 2018. Of this, 2.9 million tourists arrived on e-tourist visa as compared to 2.4 million during 2018, registering a growth of 21%.

INDIAN HOSPITALITY OUTLOOK (POST-COVID-19)

FTA footfall in India, particularly that of leisure travellers, started softening in February 2020, as COVID-19 spread across the globe. Although domestic flights resumed in June 2020, the restrictions on the entry of international travellers means that FTA is not about to pick up any time soon. Even though some countries are reopening, travel bans are expected to be rolled down only by the end of the year. The situation may not improve drastically for the hospitality sector. Except for the smaller-sized hotels, which are now covered under the MSME (micro, small and medium-sized enterprises) the hospitality sector in India has not benefited from the stimulus packages rolled out by the government.

India ranks 3rd in World Travel & Tourism Council's list for Travel & Tourism Power and Performance. It markedly improved its position from the 40th rank in 2018 to 34th in 2019 in the World Economic Forum's Travel and Tourism Competitive Index (TTCI). Some key trends that are expected to prevail for India's tourism industry in a post-COVID-19 environment are:

Rise of Staycations

Over the past couple of years, there has been an increased demand for more frequent holidays near home as working millennials look to escape city life in search of tranquillity or a break from monotony. In the short term, people are expected to visit hotels within drivable distances from their homes.

Bleisure travel

This year, Bleisure travel, a combination of business and leisure, was at an all-time high and will continue to be popular in 2020. The quest for a better work-life balance is growing stronger among Indians. Most new-age corporate travellers will continue to make the most of their business trips by exploring local culture, food and other attractions by extending their stay.

Tech-enabled and tech-reliant travellers

With millennials preferring pre-payments, travellers go cashless today. A booming fintech industry and cashless transactions are setting the tone for travel and leisure, which no longer involve the hassle of handling physical cash. According to a report by Bain & Company, nearly 35% of Indians will book their travels online by 2021. COVID-19 has further compelled businesses and consumers to adopt contactless payment.

Food & Beverages (F&B)

F&B, which generally provides sustainable revenues to the Indian hospitality industry, is likely to see lower revenues in a post-COVID-19 environment. The trends in F&B are likely to veer towards online food ordering, food delivery to home and offices, meetings and events for smaller corporate groups, catering at residences of high net worth individuals for small gatherings, etc. Seating capacity at restaurants is expected to fall in order to provide space for social distancing, which will reduce meal volumes. High street restaurants are likely to suffer the most while restaurants in hotels that enjoy the trust of patrons and meet their safety and hygiene concerns may see a higher footfall.

Value for money

Millennials are spending more on experiences like food, adventure, etc. As a result, India, is seeing a widening base of customers who prioritise travel that give them quality experience while being wallet-friendly as well.

Policy support

The Government of India plans to develop 17 iconic tourist sites in India into world-class destination as per Union budget of 2020. Campaigns such as Swadesh Darshan, theme-based tourist circuits, were launched to harness the potential of the tourism industry.

Diverse attractions

India offers tourists a vast geographical diversity, attractive beaches, a chance to see 37 World Heritage Sites and 10 bio-geographical zones.

INTERNATIONAL TOURISM:

The industry supported 43 million jobs in the country (8.1% of total employment). Besides, the introduction of a new category of visa—the medical visa or M visa—is expected to encourage medical tourism in India. Total contribution by travel and tourism sector to India's GDP is expected to increase from Rs 15.24 trillion (US\$ 234.03 billion) in 2019 to Rs 32.05 trillion (US\$ 492.21 billion) by 2028.

During 2019, arrivals through e-tourist visa increased 39.60 per cent year-on-year to 2.37 million. During January 2019, arrivals through e-tourist visa increased by 21.10 per cent year-on-year to 0.29 million. In September 2018, the Indian government launched the 'Incredible India Mobile App' to assist the traveller to India and showcase major experiences for travelling. The Government of India is working to achieve one per cent share in world's international tourist arrivals by 2020 and two per cent share by 2025.

INDIAN TOURISM:

India continued to build its lead as one of the fastest growing large economies in the world during FY 2019-20. The Indian tourism and hospitality industry has emerged as one of the key drivers of growth among the services sector in India. The second-largest sub-segment of the services sector comprising trade, repair services, hotels and restaurants contributed. Tourism in India has significant potential considering the rich cultural and historical heritage, variety in ecology, terrains and places of natural beauty spread across the country. Tourism is also a potentially large employment generator besides being a significant source of foreign exchange for the country.

India's tourism sector attracted capital investments expected to reach US\$95 billion by 2028. The collective government spending in India on travel and tourism is expected to reach INR 368 billion (US\$5.85 billion) in 2028 from INR 170 billion (US\$2.81 billion) in 2019.

COVID 19 IMPACT ON TOURISM AND HOTEL & HOSPITALITY SECTOR

COVID-19 has severely hit Tourism and Hotel & Hospitality Sector business and the sector has come to a standstill in the short term. While the sector was coming out of the woods after the liquidity crisis initiated by the IL&FS fiasco and subsequent fallouts of various financial institutions, the pandemic outbreak could further impact the Tourism and Hotel & Hospitality Sector.

DROP IN NEW LAUNCHES AND SLUMP IN SALES VOLUMES

Amidst the current COVID-19 outbreak, the sector is likely to witness major disruptions due to Cancellation of Holidays and financing issues. Also, many prospective customers could consider postponing their decisions either to stay away from the project sites or in the expectations of a price correction.

ACCELERATED CONSOLIDATION

Post Demonetization and Liquidity crisis, the survival of the fittest and financially strongest has become the new norm in the Indian Tourism and Hotel & Hospitality sector and well capitalized & established players have gained substantial market share over the years. This consolidation phase is likely to continue amidst the current COVID-19 outbreak and probably accelerate, as we emerge from this pandemic and many weak players may cease to exist.

COUNTRY CLUB'S RESPONSE TO COVID-19

Following WHO's declaration of the COVID-19 outbreak as a pandemic, the Government of India undertook a series of measures to contain the outbreak, which included imposing multiple lockdowns across the country. Governments all across the globe had undertaken similar measures since February and March, 2020. The lockdowns and restrictions imposed on various activities, have posed a serious challenge to the businesses of the Company and its subsidiaries and associates, given the mandated closure of hotel operations and cessation of air traffic and other forms of public transport. This has resulted in low occupancies/ shutdown of many of our hotels and Clubs across the country and globe.

Country Club took a series of measures with agility, which are as follows:

HEALTH AND SAFETY

As an immediate response, Country Club took measures to protect the health of its employees and guests by implementing renewed health and hygiene standards and complying with the directives of the Central and State governments and municipal authorities. The Company adopted a work-from-home policy for its corporate and regional sales offices as well as hotel employees as a precautionary measure while operating hotels in Green zones with minimum staff under the administrative authority's guidelines. New and detailed standard operating procedures were formulated as a comprehensive guide covering all areas of operations and service design, factoring in social distancing, digital-first approach and heightened precautionary processes for guests and employees.

REVENUE OPPORTUNITIES

Country Club's brands enjoy the tremendous trust of its patrons, guests as well as the neighbourhoods in which it operates its hotels. Given the limitations that the prevailing situation has imposed on existing

business models, Country Club has explored multiple alternative revenue opportunities to ensure business continuity. These include a Hospitality at Home programme by which hotels supply bakery, confectionery and wellness services to homes. The Company is also exploring digital channels to make more products and services available to guests. Certain Corporates have been using hotels as part of their Business Continuity Programme to maintain their operations during the lockdown. Long-stay guests have continued to put up at the hotels. The Company has also been working with, and supporting, the government in its efforts to combat the COVID-19 situation by offering rooms to the medical fraternity and providing accommodation for quarantine purposes to guests who have availed repatriation flights.

With the lifting of lockdown restrictions, Country Club has started reopening a few hotels in non-containment zones after establishing thorough and well-rehearsed safety protocols. Country Club expects all the hotels to become operational in a phased manner after the lockdown is lifted and the confidence of travellers is restored. However, it expects demand for its services to pick up at a slow pace. Business recovery is likely to be driven by domestic leisure tourism, staycations, domestic business travel and limited international travel. The trust that the Company's brands enjoy and its emphasis on the health and safety of guests and employees will help it gain market share as and when the economy revives.

COST ACTIONS

Country Club has instituted a robust spend optimisation programme to reduce fixed costs and rationalise resources. While variable costs have reduced with lower business volume, the Company's focus has shifted to fixed costs. It has taken the following initiatives with regard to this:

- Maximising shutdown of hotels by operating hotels for medical and quarantine purposes in city clusters
Renegotiating F&B ingredient contracts and exploring alternative sources of procurement;
- Rationalising human resource costs through strategies; voluntary pay cuts taken by senior management and freezing recruitment
- Optimising consumption of power and fuel by rationalising open floors or wings at operating hotels
- Discussing lease agreements with lessors and judiciously invoking 'force majeure' clauses for relief during the lockdown period
- Reducing corporate overheads viz. professional contracts, marketing spends, renegotiating annual maintenance contracts, leased-line costs, reducing support staff of inbound and outbound call centres, travel expenses, etc.
- Accessing government support where available. In certain states of India, it has taken benefit of waivers or deferrals in minimum demand electricity charges, etc.

CONSERVATION OF CASH

The Company has taken immediate measures to control cash flows during the year and maintain liquidity during the period. These include deferral of capital expenditure and renovations, unless absolutely required. Capital expenditure is planned to be incurred for essential hotel maintenance. The Company has also provided adequate liquidity for capital commitments on work undertaken prior to the lockdown.

COMPLIANCE

Country Club deploys a robust internal check process to prevent and limit the risk of non-compliance. The Company approaches compliance from a proactive standpoint and believes in responsive intervention.

Compliance with laws and regulations is an essential part of its business operations and it adheres to all national and regional laws and regulations in such diverse areas as product safety, product claims, trademark, copyright, patents, competition, employee health and safety, the environment, corporate governance, listing and disclosure, employment and taxes. Nevertheless, it is focusing on increasing awareness, documentation and supplementing the expertise of internal professionals with that of independent consultants, as may be required from time to time.

HEALTH AND SAFETY

Country Club continues to remain committed to making the Company a safe and secure place for all stakeholders. Safety is part of the integral agenda for all Executive Committee and Board Meetings. Routinely identifying safety risks associated with operations helps the Company implement appropriate and effective mitigation plans and ensures overall safety compliance.

Country Club carries out unannounced Fire and Life Safety (FLS) audits at hotels and in its corporate office with a focus on identifying and eliminating risks in areas pertaining to Leadership & Governance, Risk Management, Electrical Safety, Fire Safety, General Safety, Personal Protective Equipment, Contractor Management, Work Permit System, Sewage Treatment Plant and Road Safety.

The Company continues to drive awareness on safety across resorts. Common safety hazards and their safeguards have been highlighted in specially designed animated safety videos, and case studies based on true incidents continue to be shared with the resorts and hotels as a learning tool. As a result of this focus on safety and learnings from incidences, Country Club has reported no fatality for the year.

Amid the COVID-19 crisis, the safety of Country Club's guests and associates has been a top-most priority, and the Company has taken several measures to ensure their well-being. Employees have been working from home in accordance with the guidelines issued by the Central/State/municipal authorities. Exclusive helpline and online counselling for employees has been made available and the Company has been providing help to the employees as and when needed for various purposes. The safety of essential employees, who are required to report for work, is being ensured and they have been mandated to use protective gear and take all safety precautions. All employees have been instructed to download the Arogya Setu app launched by the Government of India. The Company conducted a Back to Work programme for familiarising employees with the changes that have affected the workplace and guidelines that would need to be followed in the changed workplace setting as and when employees return to work, subject to Central/State Government directives and in keeping with health and safety as a priority.

FOOD SAFETY, HYGIENE AND CLEANLINESS

The Company is committed to continually improving the Food Safety Management System by training and optimising the capacities of people, processes and technologies within the system and ensuring implementation of all applicable internal and external standards. Food Safety, Hygiene and Cleanliness audits were conducted by an external audit partner ensuring implementation of FSSAI guidelines and standards. Internal Food Safety workshops were organised to discuss the way forward for the implementation of food safety, hygiene and cleanliness at the hotels and resorts.

OUTLOOK

2021 is expected to be a year of consolidation of products and services in the sector - with the impacts of all policy initiatives taken in 2019-20 beginning to take shape in the coming year. More joint ventures/joint

developments will be the order of the day with financially distressed developers being taken over by larger players and presenting the industry with a fresh line up of competitors.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company has an adequate internal control system, corresponding with the size and nature of its business. The system of internal control is supported by documented policies, guidelines and procedures to monitor business and operational performance which are aimed at ensuring business integrity and promoting operational efficiency.

The Company has an Internal Auditor who oversees the entire internal audit function. However, given the size of its operations in terms of nature of its business, it also uses services of independent audit firms to conduct periodic internal audits in line with an audit plan that is drawn at the beginning of the year. This audit plan, prepared by the Internal Auditor, is approved by the Audit Committee and the Board of Directors.

Internal audit reports are placed periodically before the Audit Committee of the Board of Directors, which reviews the adequacy and effectiveness of the internal control systems and suggests improvements for strengthening them.

SEGMENT WISE PERFORMANCE:

The Company is primarily engaged in the business of sale of Vacation Ownership and other related services in India. As such, the Company operates in a single segment and there are no separate business and geographic reportable segments for the purpose of Indian Accounting Standard 108 on Segment Reporting.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE OF THE COMPANY:

During this year under review, the Consolidated Turnover of the Company was ₹ 15355.49 Lakhs as compared to ₹ 26657.42 Lakhs for the Previous Year and the Standalone Turnover of the Company was ₹ 12771.69 Lakhs as compared to ₹ 21468.29 Lakhs for the Previous Year.

Your Company had a Consolidated Net Loss (After deducting Finance Cost and Depreciation) of ₹ 9214.41 Lakhs as compared to ₹ 5366.66 Lakhs for the Previous Year. The Standalone Net Loss of ₹ 4496.73 Lakhs as compared to ₹ 2191.77 Lakhs for the Previous Year.

Annexure-II

NOMINATION & REMUNERATION POLICY

(DIRECTORS, KMP & SENIOR MANAGEMENT)

INTRODUCTION

In pursuance of the Company's philosophy to consider its employees as its invaluable assets, to pay equitable remuneration to all Directors, Key Managerial Personnel (KMP) and employees of the Company, to harmonize the aspirations of human resources consistent with the goals of the Company and, in terms of the provisions of the Companies Act, 2013, this policy on nomination and remuneration of Directors, Key Managerial Personnel and Senior Management has been formulated by the Nomination & Remuneration Committee and approved by the Board of Directors.

OBJECTIVE

The objective and purpose of the Policy are as given below:

1. To lay down criteria and terms and conditions with regard to identifying persons who are qualified to become Directors (Executive and Non-Executive) and persons who may be appointed in Senior Management and Key Managerial positions and to determine their remuneration.
2. To carry out evaluation of the performance of Directors, as well as Key Managerial and Senior Management Personnel.
3. To provide them reward linked directly to their effort, performance, dedication and achievement of Organization's goals as entrusted on them.
4. To retain, motivate and promote talent and to ensure long term retention of talented managerial persons and create competitive advantage.

In the context of the aforesaid objectives the following policy has been framed and recommended by the Nomination & Remuneration Committee jointly with the Human Resources Department of the Company and adopted by the Board of Directors at its meeting held on 25th March, 2015.

EVALUATION PROCESS:

A two point rating scale for performance review of Executive Director, KMP, and Senior Management is be followed:

- 1. Rating on Basic Job Responsibilities:** Indicating whether the basic job responsibilities have been met during the year.
- 2. Rating on Goals:** Annual rating on each goal on a five point scale. Weighted average of the ratings is calculated to arrive at a 'Weighted Goal Score'.

Based on a holistic view of the two point rating, the supervisor provides an overall rating. This rating is reviewed by the Managing Director / Chief Executive Officer who does a Qualitative review of the performance based on the efforts put in by the employee, results achieved and impact of the external and internal factors, to arrive at a 'final annual rating'.

The revision in the total remuneration is directly linked to the 'final annual rating' for all employees.

- The remuneration/ compensation/ commission etc. to the Whole-time Director, KMP and Senior Management Personnel will be determined by the Managing Director / Chief Executive Officer in accordance with the Company's HR policy, which is based upon the final annual rating, employee potential and market benchmark compensation. The revised remuneration is shared with the Nomination & Remuneration Committee for review.
- If the stock options are granted to any Employee then, the company stock options granted under the Employee Stock Grant Scheme to the Whole-time Director and Senior Management Personnel will be determined by the Managing Director / Chief Executive Officer as per the ESGS guidelines and recommended to the Committee and the Board for approval in the subsequent board meeting.
- The remuneration/ compensation/ commission etc. shall be subject to the prior/ post approval of the

shareholders of the Company and Central Government, wherever required.

4. The remuneration and commission to be paid to the Whole-time Director shall be in accordance with the percentage / slabs / conditions laid down in the Articles of Association of the Company and as per the provisions of the Companies Act, 2013, and the rules made thereunder.
5. Increments to the existing remuneration / compensation structure may be recommended by the Managing Director / Chief Executive Officer to the Committee and the Board which should be within the slabs approved by the Shareholders in the case of Whole-time Director. Increments will be effective from that respective date as the Board determines, in respect of a Whole-time Director and other employees of the Company.
6. Where any insurance is taken by the Company on behalf of its Whole-time Director, Chief Executive Officer, Chief Financial Officer, the Company Secretary and any other employee for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel. Provided that if such person is proved to be guilty, the premium paid on such insurance shall be treated as part of the remuneration.

Independent Auditor's Report

To The Members of COUNTRY CLUB HOSPITALITY & HOLIDAYS LIMITED Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of COUNTRY CLUB HOSPITALITY & HOLIDAYS LIMITED ("the Company"), its subsidiaries (the Company, its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2020, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("IndAS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2020, the consolidated loss, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matters:

- a) The Company is not regular in repayment of its statutory dues as well as filing of returns towards TDS, GST, PF, EST and PT for the year ended 31.03.2020 amounting to Rs. 21.45 crores. The proceedings u/s. 276B of the Income Tax Act of the company is pending and the company is having outstanding liability towards compounding fees.
- b) The Company has delayed the repayment of dues of its financial lenders for the Financial Year 2019-20 and received notices under SARFAESI Act, 2002. The Company has loans for an amount of Rs.244.95 crores as on 31.03.2020 which is reported as Non Performing Asset by its financial lenders.
- c) One of the financial lenders has filed a petition under section 7 of the IBC Code at National Company Law Tribunal, Hyderabad Bench which is pending for admission.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon:

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the IndAS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group is also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate,

they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained upto the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in : (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters:

We did not audit the financial statements of Two Subsidiaries Companies which are included in the consolidated financial statements, whose consolidated financial statements/financial information reflect total assets before elimination of Rs. 73.39 crores as at 31 March, 2020, as well as the total revenues of Rs. 17.93 crores for the year ended 31st March, 2020. These financial statements and other financial information has been audited by other Auditors whose reports have been furnished to us and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of subsection (3) of section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors of the company and its subsidiaries, none of the directors of the group companies is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting and

the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the Auditor's reports of the Company and its subsidiary companies. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial controls over financial reporting of those companies, for reasons stated therein.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated financial statement has pending litigations which would have impact on its consolidated financial position of the group.
- ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiary companies.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of COUNTRY CLUB HOSPITALITY & HOLIDAYS LIMITED of even date

Report on the Internal Financial Controls Over Financial Reporting under Clause

(Iof Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”))

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2020, we have audited the internal financial controls over financial reporting of COUNTRY CLUB HOSPITALITY & HOLIDAYS LIMITED (herein after referred to as “Company”) and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company and its subsidiary companies are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary companies based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its Subsidiary Companies.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2. Basis of preparation

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(i) Compliance with IndAS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements up to year ended 31st March 2020 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Act.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) and contingent consideration that is measured at fair value;
- Assets held for sale – measured at fair value less cost to sell;
- Defined benefit plans – plan assets measured at fair value; and
- Share-based payments.

2.1 Summary of significant accounting Policies

I. Significant Accounting Estimates and Judgments

Estimates, assumptions concerning the future and judgments are made in the preparation of the financial statements. They affect the application of the Company's accounting policies, reporting amounts of assets, liabilities, income and expense and disclosures made. Although these estimates are based on management's best knowledge of current events and actions, actual result may differ from those estimates.

The critical accounting estimates and assumptions used and areas involving a high degree of judgments are described below:

Use of estimation and assumptions

In the process of applying the entity's accounting policies, management had made the following estimation and assumptions that have the significant effect on the amounts recognised in the financial statements.

Property, plant and equipment & Intangible Assets

Key estimates related to long-lived assets (property, plant and equipment, mineral leaseholds and intangible assets) include useful lives, recoverability of carrying values and the existence of any

retirement obligations. As a result of future decisions, such estimates could be significantly modified. The estimated useful lives of long-lived assets is applied as per schedule II of Companies Act, 2013 and estimated based upon our historical experience, engineering estimates and industry information. These estimates include an assumption regarding periodic maintenance and an appropriate level of annual capital expenditures to maintain the assets.

Impairment of plant & equipment and Intangible assets

The company assesses whether plant & equipment and intangible assets have any indication of impairment in accordance with the accounting policy. The recoverable amounts of plant & equipment and intangible asset have been determined based on value-in-use calculations. These calculations require the use of judgment and estimates.

Expected credit loss

Expected credit losses of the company are based on an evaluation of the collectability of receivables. A considerable amount of judgment is required in assessing the ultimate realization of these receivables, including their current creditworthiness, past collection history of each customer and ongoing dealings with them. If the financial conditions of the counterparties with which the Company contracted were to deteriorate, resulting in an impairment of their ability to make payments, additional expected credit loss may be required.

II. Property, Plant and Equipment

All items of property, plant and equipment are initially recorded at cost. The cost of an item of plant and equipment is recognized as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Cost includes its purchase price (after deducting trade discounts and rebates), import duties & non-refundable purchase taxes, any costs directly attributable to bringing the asset to the location & condition necessary for it to be capable of operating in the manner intended by management, borrowing costs on qualifying assets and asset retirement costs. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The activities necessary to prepare an asset for its intended use or sale extend to more than just physical construction of the asset. It may also include technical (DPR, environmental, planning, Land acquisition and geological study) and administrative work such as obtaining approvals before the commencement of physical construction.

The cost of replacing a part of an item of property, plant and equipment is capitalized if it is probable that the future economic benefits of the part will flow to the Company and that its cost can be measured reliably. The carrying amount of the replaced part is derecognized.

Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual values, estimated useful lives and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is recognised in the profit or loss in the year the asset is derecognized.

Assets under installation or under construction as at the Balance Sheet date are shown as Capital Work in Progress.

Depreciation

Depreciation is provided on Straight Line Method, as per the provisions of schedule II of the Companies Act, 2013 or based on useful life estimated on the technical assessment.

Leasehold Assets are depreciated over the shorter of the estimated useful life of the asset or the lease term.

Fully depreciated plant and equipment are retained in the financial statements until they are no longer in use.

In respect of additions / deletions to the fixed assets / leasehold improvements, depreciation is charged from the date the asset is ready to use / up to the date of deletion.

Depreciation on adjustments to the historical cost of the assets on account of reinstatement of long term borrowings in foreign currency, if any, is provided prospectively over the residual useful life of the asset.

III. Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

The company amortizes Computer software using the straight-line method over the period of 3 years

Financial Assets

Financial assets comprise of investments in equity and debt securities, trade receivables, cash and cash equivalents and other financial assets.

Initial recognition:

All financial assets are recognised initially at fair value. Purchases or sales of financial asset that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the company commits to purchase or sell the assets.

Subsequent Measurement:

- (i) Financial assets measured at amortised cost:

Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortised cost using effective interest rate (EIR) method. The EIR amortization is recognised as finance income in the Statement of Profit and Loss.

Impairment of Financial Assets:

Financial assets are tested for impairment based on the expected credit losses.

(i) Trade Receivables

An impairment analysis is performed at each reporting date. The expected credit losses over life time of the asset are estimated by adopting the simplified approach using a provision matrix which is based on historical loss rates reflecting current condition and forecasts of future economic conditions. In this approach assets are grouped on the basis of similar credit characteristics such as industry, customer segment, past due status and other factors which are relevant to estimate the expected cash loss from these assets.

(ii) Other financial assets

Other financial assets are tested for impairment based on significant change in credit risk since initial recognition and impairment is measured based on probability of default over the life time when there is significant increase in credit risk.

De-recognition of financial assets

A financial asset is derecognized only when:

The company has transferred the rights to receive cash flows from the financial asset or

Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset and transferred substantially all risks and rewards of ownership of the financial asset, in such cases the financial asset is derecognized. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is also derecognized if the company has not retained control of the financial asset.

IV. Impairment of Non-Financial Assets

At each reporting date, the Company assesses whether there is any indication that an asset may be impaired. Where an indicator of impairment exists, the company makes a formal estimate of recoverable amount. Where the carrying amount of an asset exceeds its recoverable amount the asset is considered impaired and is written down to its recoverable amount.

Recoverable amount is the greater of fair value less costs to sell and value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

V. Inventories

Construction materials, raw materials, consumables, stores and spares and finished goods are valued at lower of cost and net realizable value. Cost is determined on weighted average cost method.

Construction/Development work-in-progress related to project works is valued at lower of cost or net realizable value, where the outcome of the related project is estimated reliably. Cost includes cost of land, cost of materials, cost of borrowings and other related overheads.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

VI. Cash and Cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term investments with an original maturity of three months or less. Deposits with banks subsequently measured at amortized cost and short term investments are measured at fair value through Profit & Loss Account.

VII. Non-current Assets held for sale

Non-current assets, or disposal groups comprising assets and liabilities, that are expected to be recovered through sale rather than through continuing use, are classified as held for sale. Immediately before classification as held for sale, the assets, or components of the disposal group, are re-measured in accordance with the Company's accounting policies. Thereafter, the assets, or disposal group, are measured at the lower of their carrying amount and fair value less costs to sell. Any impairment losses on initial classification as held for sale or subsequent gain on re-measurement are recognized into net income. Gains are not recognized in excess of any cumulative impairment losses.

VIII. Financial Liabilities

Initial recognition and measurement

Financial liabilities are recognized when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value plus any directly attributable transaction costs, such as loan processing fees and issue expenses.

Subsequent measurement

The measurement of financial liabilities depends on their classification as follows: -

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss includes financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through profit or loss. Financial liabilities are classified as held for trading if they are acquired for the purpose of selling in the near term. This category includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value of the financial liabilities are recognised in profit or loss.

The company has not designated any financial liabilities upon initial recognition at fair value through profit or loss.

IX. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest, exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other costs that an entity incurs in connection with the borrowing of funds.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

X. Employee Benefits

Employee benefits are charged to the statement of Profit and Loss for the year and for the projects under construction stage are capitalized as other direct cost in the Capital Work in Progress / Intangible asset under development.

Retirement benefits in the form of Provident Fund are a defined contribution scheme and the contributions are recognised, when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.

Gratuity liability is defined benefit obligations and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Re-measurement in case of defined benefit plans gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and they are included in retained earnings in the statement of changes in equity in the balance sheet.

Compensated absences are provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The amount of Non-current and Current portions of employee benefits is classified as per the actuarial valuation at the end of each financial year.

XI. Income Taxes

Income tax expense is comprised of current and deferred taxes. Current and deferred tax is recognized in net income except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

Current income taxes for the current period, including any adjustments to tax payable in respect of previous years, are recognized and measured at the amount expected to be recovered from or payable to the taxation authorities based on the tax rates that are enacted or substantively enacted by the end of the reporting period.

Deferred income tax assets and liabilities are recognized for temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases

using the tax rates that are expected to apply in the period in which the deferred tax asset or liability is expected to settle, based on the laws that have been enacted or substantively enacted by the reporting date. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable income nor the accounting income. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable income will be available against which they can be utilized. Deferred tax assets are reviewed at each reporting date and reduced accordingly to the extent that it is no longer probable that they can be utilized.

Deferred tax assets and liabilities are offset when there is legally enforceable right of offset current tax assets and liabilities when the deferred tax balances relate to the same taxation authority. Current tax asset and liabilities are offset where the entity has legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

XII. Leases

As a lessee

Lease of property, plant and equipment where the company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalized at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Lease in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a lessor

Lease income from operating leases where the company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

Lease-hold land:

Leasehold land that normally has a finite economic life and title which is not expected to pass to the lessee by the end of the lease term is treated as an operating lease.

The payment made on entering into or acquiring a leasehold land is accounted for as leasehold land use rights (referred to as prepaid lease payments in Ind AS 17 "Leases") and is amortized over the lease term in accordance with the pattern of benefits provided.

XIII. Provisions, Contingent Liabilities and Contingent Assets**Provisions**

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense and is recorded over the estimated time period until settlement of the obligation. Provisions are reviewed and adjusted, when required, to reflect the current best estimate at the end of each reporting period.

The Company recognizes decommissioning provisions in the period in which a legal or constructive obligation arises. A corresponding decommissioning cost is added to the carrying amount of the associated property, plant and equipment, and it is depreciated over the estimated useful life of the asset.

A provision for onerous contracts is recognized when the expected benefits to be derived by the company from a contract are lower than the unavoidable cost of meeting its obligations under contract. The provision is measured at the present value of the lower of expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the company recognizes any impairment loss on the assets associated with that contract.

Liquidated Damages / Penalty as per the contracts / Additional Contract Claims under the contract entered into with Vendors and Contractors are recognised at the end of the contract or as agreed upon.

Contingent Liabilities

Contingent liability is disclosed in case of

A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;

A present obligation arising from past events, when no reliable estimate is possible;

A possible obligation arising from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company where the probability of outflow of resources is not remote.

Contingent Assets

Contingent assets are not recognized but disclosed in the financial statements when as inflow of economic benefits is probable

XIV. Revenue Recognition

The Company's business is to sell Club ownership, provide Tour & Holiday services, accommodation services, Training/Coaching in recreational activities relating to art, culture & sports, fitness training and clubbing to its members for a specified period, for which fee is collected

either in full up front, or on deferred payment basis. Revenue from Membership fees which is non refundable is recognized as income on admission of a member. Requests for cancellation of membership are accounted for when it is accepted by the Company.

Annual maintenance fee is recognized as income as and when collected. Income from resorts, Income from room rental, food and beverages income etc., is recognized as and when services are rendered.

XV. Foreign Currency Transactions

Transactions in foreign currencies are translated to the functional currency of the company, at exchange rates in effect at the transaction date.

At each reporting date monetary assets and liabilities denominated in foreign currencies are translated at the exchange rate in effect at the date of the statement of financial position.

The translation for other non-monetary assets is not updated from historical exchange rates unless they are carried at fair value.

XVI. Minimum Alternative Tax (MAT)

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that company will pay normal Income Tax during the specified period.

XVII. Earnings per Share

Basic earnings per share are calculated by dividing:

The profit attributable to owners of the company

By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

The after income tax effect of interest and other financing costs associated with dilutive potential equity shares

The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

XVIII. BASIS OF CONSOLIDATION

The financial statements of the group companies are consolidated on a line by line basis and intra group balances and transactions, including unrealized gain/loss from such transactions, are eliminated on upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the group. Non controlling interests which represents part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the company are excluded.

Associates are entities over which the group has significant influence but not control. Investments in associates are accounted for using the equity method of accounting. The investment is initially recognized at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the acquisition date. The Group's investment in associates includes goodwill identified on acquisition.

Report on the Audit of the Standalone Financial Statements Opinion

We have audited the accompanying standalone financial statements of COUNTRY CLUB HOSPITALITY & HOLIDAYS LIMITED ("the Company"), which comprises the Standalone Balance Sheet as at March 31, 2020, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("IndAS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, **the loss** and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matters:

- a) The Company is not regular in repayment of its statutory dues as well as filing of returns towards TDS, GST, PF, EST and PT for the year ended 31.03.2020 amounting to Rs. 21.45 crores. The proceedings u/s. 276B of the Income Tax Act of the company is pending and the company is having outstanding liability towards compounding fees.
- b) The Company has delayed the repayment of dues of its financial lenders for the FY 2019-20 and received notices under SARFAESI Act, 2002. The Company has loans for an amount of Rs. 244.95 crores as on 31.03.2020 which is reported as Non Performing Asset by its financial lenders.
- c) One of the financial lender has filed a petition under section 7 of the IBC Code at National Company Law Tribunal, Hyderabad Bench which is pending for admission.

Our opinion is not modified in respect of the above Emphasis of Matters.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in: (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the IndAS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has pending litigations which would have impact on its standalone financial positions are disclosed in notes to the financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- 2. As required by the Companies (Auditor's Report) Order, 2016 (“the Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **COUNTRY CLUB HOSPITALITY & HOLIDAYS LIMITED** of even date

Report on the Internal Financial Controls over Financial Reporting under Clause

(i) Of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **COUNTRY CLUB HOSPITALITY & HOLIDAYS LIMITED** (“the Company”) as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted

accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES

1. Corporate Information

Country Club Hospitality & Holidays Limited formerly known as Country Club (India) Limited ('the Company') is a public entity domiciled in India and is India's biggest chain of family clubs with over 70 destinations across India, Sri Lanka & Middle East. It is dubbed as the Powerhouse of Entertainment. Its shares are listed on NSE & BSE

2. Basis of preparation

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(i) Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements up to year ended 31st March 2020 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Act.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) and contingent consideration that is measured at fair value;
- Assets held for sale – measured at fair value less cost to sell;
- Defined benefit plans – plan assets measured at fair value; and
- Share-based payments.

2.1 Summary of significant accounting policies

I. Significant Accounting Estimates and Judgments

Estimates, assumptions concerning the future and judgments are made in the preparation of the financial statements. They affect the application of the Company's accounting policies, reporting amounts of assets, liabilities, income and expense and disclosures made. Although these estimates are based on management's best knowledge of current events and actions, actual result may differ from those estimates.

The critical accounting estimates and assumptions used and areas involving a high degree of judgments are described below:

Use of estimation and assumptions

In the process of applying the entity's accounting policies, management had made the following estimation and assumptions that have the significant effect on the amounts recognised in the financial statements.

Property, plant and equipment & Intangible Assets

Key estimates related to long-lived assets (property, plant and equipment, mineral leaseholds and intangible assets) include useful lives, recoverability of carrying values and the existence of any retirement obligations. As a result of future decisions, such estimates could be significantly modified. The estimated useful lives of long-lived assets is applied as per schedule II of Companies Act, 2013 and estimated based upon our historical experience, engineering estimates and industry information. These estimates include an assumption regarding periodic maintenance and an appropriate level of annual capital expenditures to maintain the assets.

Impairment of plant & equipment and Intangible assets

The company assesses whether plant & equipment and intangible assets have any indication of impairment in accordance with the accounting policy. The recoverable amounts of plant & equipment and intangible asset have been determined based on value-in-use calculations. These calculations require the use of judgment and estimates.

Expected credit loss

Expected credit losses of the company are based on an evaluation of the collectability of receivables. A considerable amount of judgment is required in assessing the ultimate realization of these receivables, including their current creditworthiness, past collection history of each customer and ongoing dealings with them. If the financial conditions of the counterparties with which the Company contracted were to deteriorate, resulting in an impairment of their ability to make payments, additional expected credit loss may be required.

II. Property, Plant and Equipment

All items of property, plant and equipment are initially recorded at cost. The cost of an item of plant and equipment is recognized as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Cost includes its purchase price(after deducting trade discounts and rebates), import duties & non-refundable purchase taxes, any costs directly attributable to bringing the asset to the location & condition necessary for it to be capable of operating in the manner intended by management, borrowing costs on qualifying assets and asset retirement costs. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The activities necessary to prepare an asset for its intended use or sale extend to more than just physical construction of the asset. It may also include technical (DPR, environmental, planning, Land acquisition and geological study) and administrative work such as obtaining approvals before the commencement of physical construction.

The cost of replacing a part of an item of property, plant and equipment is capitalized if it is probable that the future economic benefits of the part will flow to the Company and that its cost can be measured reliable. The carrying amount of the replaced part is derecognized.

Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual values, estimated useful lives and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is recognised in the profit or loss in the year the asset is derecognized.

Assets under installation or under construction as at the Balance Sheet date are shown as Capital Work in Progress.

Depreciation

Depreciation is provided on Straight Line Method, as per the provisions of schedule II of the Companies Act, 2013 or based on useful life estimated on the technical assessment.

Leasehold Assets are depreciated over the shorter of the estimated useful life of the asset or the lease term.

Fully depreciated plant and equipment are retained in the financial statements until they are no longer in use.

In respect of additions / deletions to the fixed assets / leasehold improvements, depreciation is charged from the date the asset is ready to use / up to the date of deletion.

Depreciation on adjustments to the historical cost of the assets on account of reinstatement of long term borrowings in foreign currency, if any, is provided prospectively over the residual useful life of the asset.

III. Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

The company amortizes Computer software using the straight-line method over the period of 3 years

Financial Assets

Financial assets comprise of investments in equity and debt securities, trade receivables, cash and cash equivalents and other financial assets.

Initial recognition:

All financial assets are recognised initially at fair value. Purchases or sales of financial asset that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the company commits to purchase or sell the assets.

Subsequent Measurement:

(i) Financial assets measured at amortised cost:

Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortised cost using effective interest rate (EIR) method. The EIR amortization is recognised as finance income in the Statement of Profit and Loss.

Impairment of Financial Assets:

Financial assets are tested for impairment based on the expected credit losses.

(i) Trade Receivables

An impairment analysis is performed at each reporting date. The expected credit losses over life time of the asset are estimated by adopting the simplified approach using a provision matrix which is based on historical loss rates reflecting current condition and forecasts of future economic conditions. In this approach assets are grouped on the basis of similar credit characteristics such as industry, customer segment, past due status and other factors which are relevant to estimate the expected cash loss from these assets.

(ii) Other financial assets

Other financial assets are tested for impairment based on significant change in credit risk since initial recognition and impairment is measured based on probability of default over the life time when there is significant increase in credit risk.

De-recognition of financial assets

A financial asset is derecognized only when:

The company has transferred the rights to receive cash flows from the financial asset or

Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset and transferred substantially all risks and rewards of ownership of the financial asset, in such cases the financial asset is derecognized. Where the entity

has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is also derecognized if the company has not retained control of the financial asset.

IV. Impairment of Non-Financial Assets

At each reporting date, the Company assesses whether there is any indication that an asset may be impaired. Where an indicator of impairment exists, the company makes a formal estimate of recoverable amount. Where the carrying amount of an asset exceeds its recoverable amount the asset is considered impaired and is written down to its recoverable amount.

Recoverable amount is the greater of fair value less costs to sell and value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

V. Inventories

Construction materials, raw materials, consumables, stores and spares and finished goods are valued at lower of cost and net realizable value. Cost is determined on weighted average cost method.

Construction/Development work-in-progress related to project works is valued at lower of cost or net realizable value, where the outcome of the related project is estimated reliably. Cost includes cost of land, cost of materials, cost of borrowings and other related overheads.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

VI. Cash and Cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term investments with an original maturity of three months or less. Deposits with banks subsequently measured at amortized cost and short term investments are measured at fair value through Profit & Loss Account.

VII. Non-current Assets held for sale

Non-current assets, or disposal groups comprising assets and liabilities, that are expected to be recovered through sale rather than through continuing use, are classified as held for sale. Immediately before classification as held for sale, the assets, or components of the disposal group, are re-measured in accordance with the Company's accounting policies. Thereafter, the assets, or disposal group, are measured at the lower of their carrying amount and fair value less costs to sell. Any impairment losses on initial classification as held for sale or subsequent gain on re-measurement are recognized into net income. Gains are not recognized in excess of any cumulative impairment losses.

VIII. Financial Liabilities

Initial recognition and measurement

Financial liabilities are recognized when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value plus any directly attributable transaction costs, such as loan processing fees and issue expenses.

Subsequent measurement

The measurement of financial liabilities depends on their classification as follows: -

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss includes financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through profit or loss. Financial liabilities are classified as held for trading if they are acquired for the purpose of selling in the near term. This category includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value of the financial liabilities are recognised in profit or loss.

The company has not designated any financial liabilities upon initial recognition at fair value through profit or loss.

IX. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest, exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other costs that an entity incurs in connection with the borrowing of funds.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

X. Employee Benefits

Employee benefits are charged to the statement of Profit and Loss for the year and for the projects under construction stage are capitalized as other direct cost in the Capital Work in Progress / Intangible asset under development.

Retirement benefits in the form of Provident Fund are a defined contribution scheme and the contributions are recognised, when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.

Gratuity liability is defined benefit obligations and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Re-measurement in case of defined benefit plans gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and they are included in retained earnings in the statement of changes in equity in the balance sheet.

Compensated absences are provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The amount of Non-current and Current portions of employee benefits is classified as per the actuarial valuation at the end of each financial year.

XI. Income Taxes

Income tax expense is comprised of current and deferred taxes. Current and deferred tax is recognized in net income except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

Current income taxes for the current period, including any adjustments to tax payable in respect of previous years, are recognized and measured at the amount expected to be recovered from or payable to the taxation authorities based on the tax rates that are enacted or substantively enacted by the end of the reporting period.

Deferred income tax assets and liabilities are recognized for temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases using the tax rates that are expected to apply in the period in which the deferred tax asset or liability is expected to settle, based on the laws that have been enacted or substantively enacted by the reporting date. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable income nor the accounting income. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable income will be available against which they can be utilized. Deferred tax assets are reviewed at each reporting date and reduced accordingly to the extent that it is no longer probable that they can be utilized.

Deferred tax assets and liabilities are offset when there is legally enforceable right of offset current tax assets and liabilities when the deferred tax balances relate to the same taxation authority. Current tax asset and liabilities are offset where the entity has legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

XII. Leases

As a lessee

Lease of property, plant and equipment where the company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalized at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Lease in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a lessor

Lease income from operating leases where the company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

Lease-hold land:

Leasehold land that normally has a finite economic life and title which is not expected to pass to the lessee by the end of the lease term is treated as an operating lease.

The payment made on entering into or acquiring a leasehold land is accounted for as leasehold land use rights (referred to as prepaid lease payments in Ind AS 17 "Leases") and is amortized over the lease term in accordance with the pattern of benefits provided.

XIII. Provisions, Contingent Liabilities and Contingent Assets

Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage

of time is recognised as interest expense and is recorded over the estimated time period until settlement of the obligation. Provisions are reviewed and adjusted, when required, to reflect the current best estimate at the end of each reporting period.

The Company recognizes decommissioning provisions in the period in which a legal or constructive obligation arises. A corresponding decommissioning cost is added to the carrying amount of the associated property, plant and equipment, and it is depreciated over the estimated useful life of the asset.

A provision for onerous contracts is recognized when the expected benefits to be derived by the company from a contract are lower than the unavoidable cost of meeting its obligations under contract. The provision is measured at the present value of the lower of expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the company recognizes any impairment loss on the assets associated with that contract.

Liquidated Damages / Penalty as per the contracts / Additional Contract Claims under the contract entered into with Vendors and Contractors are recognised at the end of the contract or as agreed upon.

Contingent Liabilities

Contingent liability is disclosed in case of

A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;

A present obligation arising from past events, when no reliable estimate is possible;

A possible obligation arising from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company where the probability of outflow of resources is not remote.

Contingent Assets

Contingent assets are not recognized but disclosed in the financial statements when as inflow of economic benefits is probable

XIV. Revenue Recognition

The Company's business is to sell Club ownership, provide Tour & Holiday services, accommodation services, Training/Coaching in recreational activities relating to art, culture & sports, fitness training and clubbing to its members for a specified period, for which fee is collected either in full up front, or on deferred payment basis. Revenue from Membership is fees which is non refundable is recognized as income on admission of a member. Requests for cancellation of membership are accounted for when it is accepted by the Company. Revenue from Tour operating services is recognized as and when collected

Annual maintenance fee is recognized as income as and when collected. Income from resorts, Income from room rental, food and beverages income etc., is recognized as and when services are rendered.

XV. Foreign Currency Transactions

Transactions in foreign currencies are translated to the functional currency of the company, at exchange rates in effect at the transaction date.

At each reporting date monetary assets and liabilities denominated in foreign currencies are translated at the exchange rate in effect at the date of the statement of financial position.

The translation for other non-monetary assets is not updated from historical exchange rates unless they are carried at fair value.

XVI. Minimum Alternative Tax (MAT)

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that company will pay normal Income Tax during the specified period.

XVII. Earnings per Share

Basic earnings per share are calculated by dividing:

The profit attributable to owners of the company

By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares. Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

The after income tax effect of interest and other financing costs associated with dilutive potential equity shares

The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.
